Service Opportunities

Your group will serve in a variety of ways throughout your time in this community. You may spend all week serving at one service site or switch between service sites during the week. As always, things are subject to change so come flexible and ready to serve!

YouthWorks Kids Club

Kids Club is an energetic, engaging weekly ministry for community kids ages 5–10. This summer our Kids Club theme is "The Mystery Squad – Investigating the Parables of Jesus." The purpose is to take community kids through parables that Jesus told and help them solve the mystery of his love for all people each week. An overview of the program and curriculum is available online for you to review. You must log in with your username and password, and then follow these links: Trip Resources; Typical Day; Kids Club Information; and finally Kids Club 2011 Program & Curriculum Overview.

YouthWorks Work Projects

Painting houses, performing minor home repair, cleaning up debris and volunteering with community projects are a few projects you might do. This tangible work is a great way for us to serve and build relationships within this community.
